Lay-A-Way for Botox

There are typically 3 areas treated with botox.

- Forehead
- Glabella
- Crow's feet

It normally takes 20-25 units to treat an area.

The idea of Lay-A-Way is you pay a small amount monthly and get your Botox every 3 months. This helps keep your Botox on schedule, it's friendlier to your finances to break the payment up into 3 smaller payments. Signing up for this program also locks in the discounted price of \$11 a unit instead of the regular \$13 a unit, so you never have to wait for a Botox Day ever again!

The Pricing listed below is calculated for the minimum amount of units it typically takes. You may need more or less Botox than what is listed here. In the event you need more Botox, you may simply pay the difference at your treatment. In the event you need less Botox, we will simply keep the money in your account for your next visit. Any money not used will stay in your account for future use for Botox or any other Dermalase service or skin care products. There are no refunds, only account credits.

To lay-a-way 1 area you pay \$73 a month.

To lay-a-way 2 areas you pay \$147 a month.

To lay-a-way 3 areas you pay \$220 a month.

Signing up simply allows us to keep your credit card information on file with an agreement of running the charge every month on the 15th. There is no start up fee and you may cancel at any time with a 30 day written notice.

At Dermalase, we aim to please and we hope this new innovative idea will help our budgeting beauties look their best without breaking the bank! If you have any questions, feel free to call us at 972-769-9663 ext. 114.
